Chad also suggested creating a Facebook page for the Village to get immediate news out to the community like when there was a burst pipe on Park Street.

The Seiferts were present to ask for any updates regarding the parking issue in front of Hometown Market. The Board stated that they have been in contact with the Fregoe's and they do not want any barriers placed on their property. Treasurer: Nancy is currently working on closing the accounts and will have the report sent to the Board by the end of the week.

DPW: Report presented. No date has been set as of yet for the charcoal testing for the Village water. The new pump and pipe are coming to finish the well project on Sports Ave. No issues with the first big snow fall. DPW worked on the Monday holiday (MLK Day) in lieu of taking that Friday off. TTE diVincenzo asked how Dan gets high test fuel for their machines; Dan stated that he gets regular gas through the school and will treat it themselves but in the end they are still taking the machines apart and cleaning out the carburetors. Nancy asked if there was a 200 gallon can that could be purchased to keep large amounts of the fuel, but Dan replied that the gas will degrade the longer it sits in a container.

Water/Sewer: See above.
