Potsdam Town Supervisor, Marty Miller, reported to Mayor Tebo updates on the dry bridge. Meetings have been held with engineers/planners/architects/CSX; drilling test holes for soil samples will take place 100 feet around the bridge. There are plans for a new bridge that will facilitate travel for all vehicles. Miller noted that funding for the project is unlikely due to it being low on the State’s priority list; the Town of Potsdam will look into bonding to fund the project.
